

# Group Purchasing Through Premier Inc

**While You Focus on Increasing Revenue, We'll Focus on Decreasing Costs.**

A unique solution First Nations offers is direct access to a \$68 Billion purchasing network that doesn't require you to join for certain amount of time, pay any fees, or required minimum purchase levels. What First Nations offers you is complete cost control over all of your controllable expenses, supply chain, administrative support, and procurement.

## How does it work?

As the nation's leading group purchasing organization (GPO), Premier combines the purchasing volume of 4,100 U.S. hospitals and 200,000 alternate sites to negotiate discounted pricing through a national portfolio of over 2,800 contracts, with many having multiple tiers of discounts. By providing access to significant savings on products and services used every day, we help all types of businesses, organizations, and institutions achieve cost efficiencies and operational excellence through smarter purchasing.

All contracts include the national suppliers you know and trust, including many you may already use. By joining Premier, you'll be able to access both pricing and strategic purchasing support that are exclusive for members. And you employees have access to dozens of discounted items and services day one!

## Savings throughout your business

Premier's Business + Industry portfolio has the potential to deliver value that results in significant savings by leveraging over \$67 billion in combined annual purchasing power on your behalf. Join us today to help save on the essentials your business uses daily!

## Big savings for all businesses

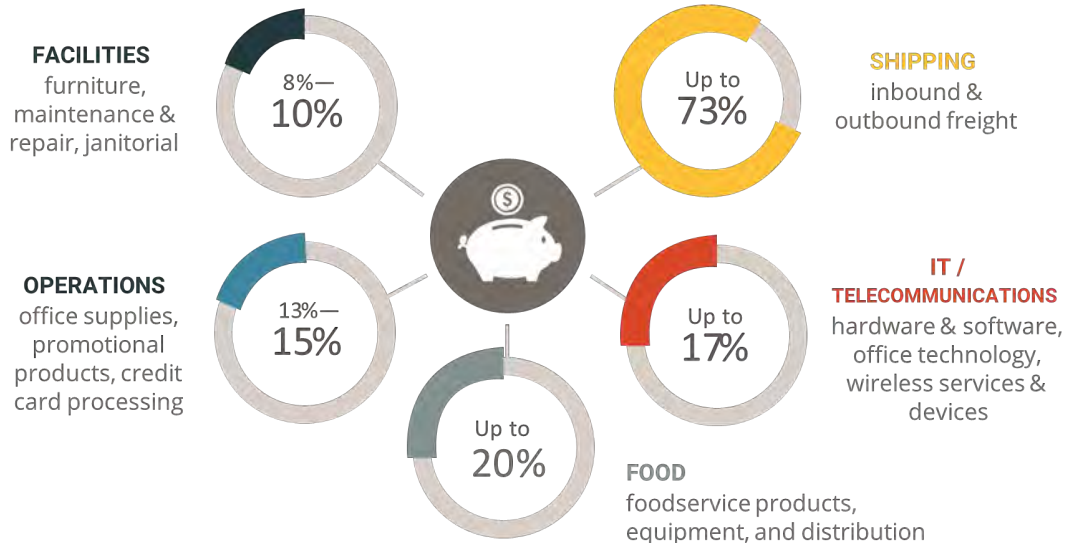

As a leading GPO, Premier negotiates discounts and creates savings programs on behalf of its members, which include businesses, educational institutions, and other organizations from around the country. Premier members pay no fees and have no purchasing minimums

## No fees? Better pricing? What's the catch?

GPOs have been saving the U.S. healthcare industry money for more than 100 years. About 98% of all hospitals in the U.S. have at least one GPO membership. Now we're extending the benefits of this to businesses and organizations like yours!

## Sound too good to be true?

Because Premier receives a small fee from suppliers, this system ensures that they negotiate on behalf of members for the most competitive contracts with the highest quality suppliers.
